

**WHAT CAN WHITE PEOPLE DO TO SUPPORT THE CAMPAIGN  
FOR BLACK COMMUNITY CONTROL OF POLICE?**

White people can support this campaign through material support of the African People's Socialist Party. This is an expression of our recognition that white people owe reparations to the African community, not just for slavery, but for the ongoing colonial violence and oppression that keeps the white life afloat on the backs of black oppression.

1. Become a sustaining member of the Uhuru Solidarity Movement with a monthly contribution towards the African People's Socialist Party's revolutionary programs such as the campaign for Black Community Control of Police.
2. Organize in your community! Bring an Uhuru Movement speaker or build an event where you show a video or slideshow presentation.
3. Take the "Reparations Challenge!" Set a goal to raise at least \$500 to the programs of the African People's Socialist Party. Knock on doors, hold outreach tables, plan events and fundraisers. Build the mass movement for reparations in your community, one white person at a time.

Solidarity with African liberation!  
Black Community Control of Police! Reparations Now!
